Portfolio: <https://juanmanuelb001./portafolio>

Eighth-semester Systems Engineering student focused on software development. I stand out for being proactive, adaptable, and solution-oriented. I have experience with PHP, Python, and Java (Spring Boot) for backend development, Flutter and React for frontend development, and Git/GitHub for version control and project management.

Work Experience

Level 1 Technical Support – On Vacation

May 2025 – November 2025

- Installation, configuration, and support of operating systems and office tools.
- Troubleshooting OneDrive issues (synchronization, access, and folders).
